BZX 002 Student to Professional Co-Curriculum Tier 2 0 Credits

The Student to Professional (STP) Co-Curriculum is a required, non-graded experience focused on academic success and professional preparation for all undergraduate students in business programs (BSBU, CSB, and IBE). In STP Tier 2, students gain understanding of basic professional development skills and resources through a small-group experience facilitated by faculty and staff volunteers, with the goal of providing equitable scaffolding to help students prepare for subsequent, more independent engagement in the sophomore-level co-curriculum.
